**Participatory Strategic Planning** presents a structured planning process which incorporates the workshop method for building consensus, the discussion method for effective group communication and an implementation planning process for turning ideas into productive action and concrete accomplishments.

- Enhance your capacity for creative strategy building
- Enable a group to come to a common vision and create a “participant-owned” plan that deals with the realities blocking the group
- Experience and practice the complete strategic planning process of vision, contradictions, strategic directions and implementation
- Demonstrate how to weave together the basic tools into longer formats and retreat settings.

**Who Should Take This Course?**

Executives and organizational leaders who depend on others for successful implementation of organization strategies: Senior administrators, managers, private consultants, community coordinators, policy analysts, board members, educators and individuals responsible for design and facilitation of strategic planning efforts in organizations.

**Benefits:**

- Improved communications
- Expanded responsibility for better results
- Organization alignment
- Immediate implementation
- Accomplishments exceed expectations
